01279163428

Giza, First 6th of October District, 12566, EG

Junior Cybersecurity Engineer with a strong interest in Penetration Testing and offensive security. Hands-on experience in vulnerability scanning, web application security, and security labs. Seeking an entry-level role or internship to apply practical skills, grow in real-world environments, and contribute to improving organizational security posture.

## Work Experience

### intern cybersecurity engineer

Nov 2025 - Present

DEPI | remote

- Performed vulnerability scanning on web applications and servers
- Identified common web vulnerabilities such as SQL Injection and XSS
- Practiced exploitation techniques using labs and controlled environments
- Documented findings and basic remediation recommendations

### intern cybersecurity engineer

Jul 2025 - Nov 2025

CIB | remote

## Projects

### Secure-Software-Development-Project-Vulnerability-Assessment

Dec 2025 - Jan 2026

- Hands-on experience in web security, including vulnerability analysis, exploitation practice, and writing structured reports with remediation recommendations

### Cryptography

May 2025 - Jun 2025

- Implemented and practiced classical cryptographic algorithms including Caesar, Monoalphabetic, Playfair, Vigenère, Rail Fence, and Row Transposition ciphers through hands-on projects

### OWASP Juice Shop

Dec 2024 - Jan 2025

- Hands-on experience in web security, including vulnerability analysis, exploitation practice, and writing structured reports with remediation recommendations

## Core Skills

Networking fundamentals, Linux, Web Security, Burp Suite, penetration testing, vulnerability scanning, security tools, ethical hacking, Python scripting, OWASP Top 10, Problem-solving, Attention to detail, Self-learning, Teamwork, TCP/IP, DNS, HTTP, Kali Linux, Ubuntu, SQL Injection, XSS, CSRF, SSRF, XXE, Proxy, Repeater, Intruder

## Education

### Alexandria National University

2023 - Present

computer science and information security  
GPA: 2.77

## Languages

Arabic (*native*), English (*very good*)
